

Satellite

Andrew Allen

I know you're gonna be fine
Just step away from the broken powerlines
I know we don't have much time
Just take those feathers and glue 'em together and fly

I thinks of places
We always wanted to go
Come on let's face it
It doesn't matter anymore
I wanna show you
Pictures of when we were drunk
And so in love we couldn't get enough
Guess it doesn't matter anymore

I know you're gonna be fine
Just step away from the broken powerlines
I know we don't have much time
Just take those feathers and glue 'em together and fly
Like a satellite
Fly
Yeah yeah yeah

I can already see it
I know he's perfect for you
You'll have it all, Cinderella at the ball
You won't think about me anymore

I know you're gonna be fine
Just step away from the broken powerlines
I know we don't have much time
Just take those feathers and glue 'em together and fly
Like a satellite
Fly
Yeah yeah yeah
Fly like a satellite
Fly fly fly

When I look to the sky in the darkest nights
Will I see you falling?
See you falling
Like a star burning bright, like a satellite
Will I see you falling?
See you falling

I know you're gonna be fine
I know you're gonna be fine

I know you're gonna be fine
Just step away from the broken powerlines
I know we don't have much time
Just take those feathers and glue 'em together and fly
Like a satellite
Fly fly
Yeah yeah yeah
Like a satellite
Fly fly fly
