

## Cock o' the Walk

Andrew Bird

C'mon baby move over, I'm sittin' here tonight  
C'mon baby move over, do the thing that's right  
I can puff up my feathers, look real mean, be the old man that  
this here's scene.  
I'm a struttin'-preenin'-bantam rooster looking for a fight,  
Hold on there partner, my hat just ain't on right  
Just a minute there gov'n'r while I set it right  
It's a half turn left a half turn right, this old thing used to  
be bright white  
I'm a struttin'-preenin'-bantam rooster looking for a fight.  
I went on down to sports bar town to put mother hen in a fright  
Took the 450 Addison to see pulaski at night  
it's one for the money, two for the jack, three for the joe you  
've got to pay back  
I'm a struttin'-preenin'-bantam rooster looking for a fight.  
I think that might makes right.
