

Angel Woman

Andrew Gold

I realized today
The trust we had is long gone
But I love you more
Than I ever thought I should

Oh, my angel woman

We cried a few tears
I guess most lovers do
But tears alone weren't enough
Just to hold us

Oh, my angel woman

I'm doing well
I laugh a lot
I have so many friends
But oh, the nights are long

Oh, oh, my angel woman
I'm still in love
But you're gone
