## **Andrew Lloyd Webber**

Whistle down the wind Let your voices carry Drown out all the rain Light a patch of darkness Traecherous and scary Howl at the stars, Whisper when you're sleeping I'll be there to hold you I'll be there to stop the chills and all the weeping Make it clear and strong So the whole night long Every signal that you send Until the very end I will not abandon you, my precious friend So try and stem the tide then you'll raise a banner Send a flare up in the sky, Try to burn a torch And try to build a bonfire Every signal that you send Untill the very end I'm there So whistle down the wind For I have always been right there Oh yeah Howl at the stars Whisper when you're sleeping I'll be there to hold you I'll be there to stop the chills and all the weeping Try and stem the tide Then you'll raise a banner Send a flare up in the sky, Try to burn a torch And try to build a bonfire Every signal that you send Untill the very end I'm there So whistle down the wind For I have always been right there
