

Once In a Lifetime Love

Andrew Rayel

I'm not giving up
Cause i still believe we can make it
You the one that i want
Nobody else can replace you
If you forgot what we are together
I'll be here to help you remember
You said nothing lasts forever
I know that you and I

We're once in a lifetime love
And i'm gonna live everytime we touch
We're once in a lifetime love
We're once in a lifetime love
