

God In The Hole

Android Lust

wanna feel good
With my personal god
Tell me what to do
Tell me who to love

I see you walking
With the weight of the world
On your shoulders
Let me ease it

I wanna look good
For my personal god
Tell me how to feel
Tell me who to hurt

I see you hiding
Deep down in your hole
I would lend a hand
You can trust me

I wanna show you
My personal god
I've been hiding him
Hiding in the hole

I wanna feel good
With my personal god
I wanna look good
For my personal god
