

Strange Motions

Andy Mineo

We weren't supposed to dance this long
But our connection was just too strong
We started out in a room full of people
But now we dance the night alone

I'm not havin' fun anymore
But I can't seem to find the door
I'm not havin' fun anymore
But I can't seem to find the door

When these strange motions
They tell me don't get lost in heaven

[Willow Stephens:]
Strange motions turn me into the spin
Dance me to the end, and that's about to begin
Forgetting where we started so let's just pretend
Strange motions
