

Again

Andy Williams

Again evening finds me at your door
Here to ask you just once more
If we could try again
I don't know quite what to say
I never was too good that way
So help me, baby, again

I don't know what made me leave
If you just take me back you see
How much I love you

Again don't stand crying in the door
If you believe your eyes once more
I'll never lie again

Again
Again evening finds me at your door
Here to ask you just once more
If we could try again
We could try again
