

## In For A Ride

Anekdoten

How long 'til I'm set free  
Until I find a tie that binds?  
How long until I see  
The words that rhyme?  
But when the blinding lights have all gone down  
You are in for a ride

How long until we meet  
Until our lines will intertwine?  
How far until we hit  
The other side?  
But when we've passed the point of no return  
You are in for a ride

Fate came by and leaned in close to me  
I skipped a heartbeat  
What if this is what I've waited for?  
Then what will come of me?  
Maybe the timing is more wrong than right?  
Signs of panic  
But I've bought that ticket and I'll take that ride  
There's no way back to sleep  
When you've woken up the beast

Suddenly the dice were cast  
The bones were dancing madly on the table  
Don't think about tomorrow  
Don't dwell on the mistakes that you have made  
This is the time, this is the place  
And when the blinding lights have all gone down  
You are in for a ride
