

Never Seen

Angel Haze

Rockin' 'em bye, twinkling skies
Stealing the plays, kiss it goodbye
Swallow the rays, dripping the tide
Too many things sit on my mind
I want a chain as big as my pride
Nigga so big I can't fit it inside
I need the things that's bigger than life
Bigger than life, bigger than life

I am not the type of bitch to be appeased with all the average
I got lots of codependents, ding, ding, what's the tab?
I've been known to flip the digits, loose change turn to racks
Put a nigga on the bench if he need time to reflect

Nigga ooh, this strong they ain't never seen me wit it
Nigga ooh, this fire they ain't never seen me wit it
Nigga ooh, get gone, they ain't never seen me wit it
Nigga ooh, this strong they ain't never seen me wit it, nigga

I like conviction, I got addictions
Some of 'em come with too many afflictions
Bitch, I'm a business, I got conditions
On time, no subscriptions
I like my niggas to kill it like henchmen
I like big titties on all of my bitches
Listen, if you or your loved one get hurt in this crash
I promise you no one can fix it
Something went missing
I was just trying things, felt masochistic, start trying pain
I had hot things chillin' in the frying pan
Them hoes held me higher than the Lion King
I need love like X and O
Make my bread with extra dough
Ego on me way too strong
Fuck me long, then let me go

Nigga ooh, this strong they ain't never seen me wit it
Nigga ooh, this fire they ain't never seen me wit it
Nigga ooh, get gone, they ain't never seen me wit it
Nigga ooh, this strong they ain't never seen me wit it, nigga

Rockin' 'em bye, twinkling skies
Stealing the plays, kiss it goodbye
Swallow the rays, dripping the tide
Too many things sit on my mind
I want a chain as big as my pride
Nigga so big I can't fit it inside
I need the things that's bigger than life
Bigger than life, bigger than life
