

# Goodbye

Angel Witch

I remember when you used to come to me at night  
You told me I was good for you  
And then I found out about that other man  
and with that patronizing tone that I was just another  
fool

The times I tried to phone but there was no reply  
Your voice would say you wasn't in  
If you leave your name and number I'll get back to you  
But with all my desperate tries you're back just to say

Goodbye  
And I'm not in love with you, don't call me I don't  
wanna see you again

You don't want me you don't need me I'm so lonely  
please don't leave me for my love

Goodbye  
And I'm not in love with you, don't call me I don't  
wanna see you again

I remember when you used to come to me at night  
You told me I was good for you  
And then I found out about that other man  
and with that patronizing tone that I was just another  
fool

The times I tried to phone but there was no reply  
Your voice would say you wasn't in  
If you leave your name and number I'll get back to you  
But with all my desperate tries you're back just to say

Goodbye  
And I'm not in love with you, don't call me I don't  
wanna see you again
