

Day Ditty

Angela McCluskey

A mighty day in the garden
Will make you feel alright
I finally say "oh sweet darlin'"
You make me feel alright"

I want to walk through the garden with you
Spin as you circle
I want to walk through the garden with you
Spin as you circle

But now, I am so tired
Can you help me sleep?
Go home
Maybe meet me another day in the garden
You make me feel alright
I finally say "oh sweet darlin'"
You make me feel alright"

I want to walk through the garden with you
Spin as you circle
I want to walk through the garden with you
Spin as you circle

And now, I'm so tired
Can you help me sleep?
Go home
'cause I might not live another day
Another day
Another day
