

Mummy Can't Drive

Angelfish

Mummy can't drive
There's too much inside
Come with me darling
She said come with me darling
Mummy can't drive
Mummy can't drive
Mummy can't drive she's been out all night
She can't see the stars
See the lights
See the street
See the sky
See anything
Granny's crying
Grandpa's crying
Granny's crying
Mummy can't drive
Mummy can't drive
Mummy can't drive she's been out all night
No no no no no
No no no no no
She can't drive
Hey stamp the sunshine out
Hey stamp the sunshine out
"Hey little boy" the sun cries out
Granny's crying
Grandpa's crying
Grandpa's crying
Because mummy can't drive
Mummy can't drive
Mummy can't drive
Mummy can't drive
You've got to get out to survive
You've got to get out to survive
You know mummy can't drive
Mummy can't drive
She's got a piston in her side
You know mummy can't drive
Mummy can't drive
Mummy can't drive
Mummy can't drive
Mummy can't drive
Mummy can't drive
