

Where We Started

Angelic Upstarts

You say you'll never be free
It's not the way it has to be
Grab it, take it, are you going back to where you started
Cos what you got is what you wanted
It's not the same your dream's departed
Are you going back to where you started

It never happens that way
You've only got yourself to blame
You can't go back in time
Take the future it's no crime
