

Cellar Door

Angus & Julia Stone

If you call me
You will know me
If you call me
I'll be there
If you call me
You will find me
If you call me
I'll be there
I'll be there
I'll be there

Running to the church yeah you gotta get back
You're gonna miss the show sitting in the front row
Call your brother up and...
For far too long I sat around to die
Laying by the pool, drinking rum with the dime bags
Call your brother up and... let him know

All of your friends are at the cellar door
We're gonna have to get you there before all the beer is gone
Gotta get a dance in, before the show
Call your brother up and... let him know
Call your brother up and... let him know

If you call me
You will know me
If you call me

I'll be there
If you call me
You will find me
If you call me
I'll be there
I'll be there
I'll be there

Gonna lift you up til our feet don't touch the ground
Let's go tell the others now so we can all float around
We'll melt into the night
I don't wanna be the one to wait around to die
I wanna look up, so I can see the blue sky
See the blue in your eyes

How many times does it take to get your feet back on the ground
We gonna get down
Gotta get a dance in... before the show
Call your brother up and... let him know

If you call me
You will know me
If you call me
I'll be there
If you call me
You will find me
If you call me
I'll be there
I'll be there

I'll be there
