

Little Bird

Angus & Julia Stone

Going nowhere fast today
Got nothing in mind
A soldier dies as I feel no pain
Got nothing in mind

The little man sticks by his ways
His only hand is from the clock
And time is killed whispered these days
The quarter star still hits the spot

Little bird took to the sky
I watched the rain fill the rusty town
Dreamers dream only in the mind
The spinster lets nobody in
Nobody in
Nobody in

Little bird took to the sky
I watched the rain fill the rusty town
Dreamers dream only in the mind
The spinster lets nobody in
Nobody in
Nobody in
Nobody in
Nobody in
