

Mango Tree

Angus & Julia Stone

I wish I had a mango tree
In my backyard
With you standin next to me
Take the picture
From her lips I heard her say
Can I have you
Caught up on what to say
I said you do

I said you do
I said you do

Through my eyes I can see
A shooting star
Weavn it's way across the sea
Somewhere from mars
Down the street we would run
To scratch our names in the park
Young and free in the sun
Wheels upon the tar

I said you do
I said you do
I said you do
I said you do

I wish I had a mango tree
In my backyard
With you standin next to me
Take the picture
From her lips I heard her say
Can I have you
Caught up on what to say
I said you do

I said you do
I said you do
I said you do
I said you do
