

Seal Eyeing

Animal Collective

Me, slowly walking going to see the seal
Swimming in the lake of melted ice
The minnows they are catching, must be good
They stay so long, entreat us to write
Of getting close to nature, people know
It's a good time for a photo, can't let go
But the ice should not be melting everywhere
Soon we'll all be melting on the shore
Our shoes will all be dripping rubber swirls
Now there's no time for a photo but

How good to swim in sunshine
How good to swim in sunshine
