

Let's Begin

Anita O'Day

Now that you've got me goin',
Whatcha gonna do?
Is it up to me
Or is it up to you?
What kind of game is this that we've begun?
Was it done
just for fun?
Don't forget,
Since we met,
There's no reason for bayin' regret!

Oh, is this to be a case
Of fall and then I fell,
Kiss and never tell,
Folly and farewell?
Which is goin' to be?
Might have been,
Lose or win,
Let's begin,
I'm here to tell ya, let's begin!

Now that you've got me goin',
Whatcha gonna do?
Is it up to me
Or is it up to you?

What kind of game is this that we've begun?
Was it done
just for fun?

No!

Realise
That I'm wise,
And please stop rollin' those big blue eyes!

Is this to be a case
Of fall and then I fell,
Kiss and never tell,
Folly and farewell?
Which is goin' to be?
Might have been,
Let's begin,

Let's begin!
