

# I'm So Excited

Anja Nissen

I'm so excited and I just can't describe  
It kinda feels like love, like love  
Like love like love and  
I'm so excited, I don't wanna hide it  
It kinda feels like love, like love  
Like love like love and  
I'm so excited and I just can't describe  
It kinda feels like love, like love

Hit me! I feel like turning up  
Right now, I feel like burning up  
(I feel alright alright alright, okey)  
Alright alright alright, okey  
Right now I'mma live it up  
Come on, baby girl, just give it up  
You make me feel some kinda way  
(You make me feel some kinda way)  
It feels like I'm in love  
And girl it feels like up above  
You got me up and outta space  
(You take me up and outta space)  
I'm bout to blow it up, my hands hey, I throw em up  
I'm feelin' feelin' crazy

I'm so excited and I just can't describe  
It kinda feels like love, like love  
Like love like love and  
I'm so excited, I don't wanna hide it  
It kinda feels like love, like love  
Like love like love and  
I'm so excited and I just can't describe  
It kinda feels like love, like love

I feel alive, I feel like I can jump so high, so high  
I can touch the sky, I'm good inside, I feel like I am floatin'  
Yeah, I feel like I can fly, so high  
I'm way above the ground, I'm feelin' so good, I don't wanna come down  
Down, oh, boy, I'm feelin' brand new, I feel so excited  
Oh, yeah, oh yeeee

I feel like number one, I feel like I'm the champion  
I feel alright alright okey  
(Alright alright alright okey)  
I feel like gettin' done, actin' stupid, havin' fun  
We gon' rock that night away  
(We gon' rock the rock the night away)  
I'mma burn burn down the sun  
Plan on spendin' spendin' money  
Cuz it's my my birthday  
(Aye aye aye aye aye)  
We about to turn it up  
The roof, yo, we burn it up  
And then we gettin' crazy

I'm so excited and I just can't describe  
It kinda feels like love, like love  
Like love like love and

I'm so excited, I don't wanna hide it  
It kinda feels like love, like love  
Like love like love and  
I'm so excited and I just can't describe  
It kinda feels like love, like love
