

My Style

Ann Beretta

Left my baby standing, Left her all alone, Left her standing in
the middle of the night
Right down by the liquor store
And that's alright
Maybe it's just my style, Left her standing in the middle of the
night, Whoa! That's what
I like.
My baby left me standing
She left me all alone
Left me standing in the middle of the night
Right down by the liquor store,
Well that's alright,
Maybe it's just my style, Left me standing in the middle of the
night, By the... Whoa!
That's what I like.
Left my baby standing,
Left her all alone,
Left her standing in the middle of the night,
Right down by the liquor store, And that's alright, Maybe it's
just my style, Left her standing in the middle of the night, Wh
oa! That's what I like.
