

Take care of yourself,
Take care of yourself
I keep my eyes on the horizon

Take care of yourself,
Take care of yourself
I keep my eyes on the horizon

Walkin' on the beach where you asked me to be your wife
Lookin' at the same spot on the sky
Boy the things you said about love and time
That is gonna try to break us
But you know we will fight

And I promise you that I won't lose my faith
Cause it keeps us alive
And I will never ever be scared
Washed away with the time

Take care of yourself,
Take care of yourself
I keep my eyes on the horizon

Take care of yourself,
Take care of yourself
I keep my eyes on the horizon

Baby, please don't give up on me
Cause I know we can get this right
When you're tired of my all my lies
And I know that you have to care of yourself
Cause I let you down
But I won't let you give up on me baby

So we won't always fade away
When we are in the middle of the stars
And baby you can go and sleep cause I'm awake
And I'll keep us warm

Take care of yourself,
Take care of yourself
I keep my eyes on the horizon

Take care of yourself,
Take care of yourself
I keep my eyes on the horizon
And I know we were so many nights awake
I do feel we changed
You're at home like you live another game
We're hopin' the best

Take care of yourself,
Take care of yourself
And then I will wait in the horizon
