

Celebration

AnnaGrace

It's time tonight to have some fun
No need for stress to carry on
Tonight I know it's time for celebration
Don't lie cos that is a night alone
I need somebody for my own
Tonight I know it's time for celebration

For celebration
For celebration

So c'mon dance now
Dance now on the floor
Swing your body next to mine
C'mon dance now
Dance now on the floor
We're gonna celebrate
So c'mon dance now
Dance now on the floor
Swing your body next to mine
C'mon dance now
Dance now on the floor
We're gonna celebrate

Oh baby please don't stay at home
Forget your work, put down your phone
Tonight I know it's time for celebration
Don't lie cos that is a night alone
I need somebody for my own
Tonight I know it's time for celebration

For celebration (ooh hoo, aah ah)
For celebration (ooh hoo, aah ah)

So c'mon dance now
Dance now on the floor
Swing your body next to mine
C'mon dance now
Dance now on the floor
We're gonna celebrate
So c'mon dance now
Dance now on the floor
Swing your body next to mine
C'mon dance now
Dance now on the floor
We're gonna celebrate.
