

David's Song (I Don't Want to Drive You Away)

Anne Murray

I don't want to
Drive you away
I much rather baby
Have you to stay

The door lights open to me
I've found a way
To get over all the torment
That's been nasty thing on my troubled mind

I've been on wandering and thinking about you
To you the same way that I do
I know that I'm a such fool with you at time
Now the understanding that you had is mine

I've carried so much sadness
In this heart of mine
Beauty fire inside me burning
And good things from my mind

Search and find no answers, baby
I'm out of time
Now it's nearly over
And I can't look forward to some piece of mine

I've been on wandering and thinking about you
To you the same way that I do
I know that I'm a such fool with you at time
Now the understanding that you had is mine
