

Heart on the Line

Anne Murray

I never thought I could find
Love's peace of mind
And then you came along
Made it clear what was wrong
Would be right

Guess I was ready for you
And all of the sweet things
That your love can do
I'm taking the chance
With my heart on the line
And it feels good

Now you're sure not the first
But I swear that you'll be my last love
I toss and I turn
Lying awake at night dreaming of you
No dream ever felt so right
I'll love you for the rest of my life
Taking the chance with my heart
On the line
And it feels good

Well, show me that dream
Make me a home
With a dog and a cat
And a neighbor to chat on the phone

I never thought I'd settle down
Never thought
Such a love could be found
I'm taking the chance
With my heart on the line
And it feels good

Now you're sure not the first
But I swear that you'll be my last love
I toss and I turn
Lying awake at night dreaming of you
No dream ever felt so right
I'll love you for the rest of my life
Taking the chance with my heart
On the line
And it feels good

Now you're sure not the first
But I swear that you'll be my last love
I toss and I turn
Lying awake at night dreaming of you
