

My Ecstasy

Anne Murray

I wish the world could feel
What we both know is real
Sweetheart you'll always be
My ecstasy
You are my dream to share
My every hope and care
Sweetheart you'll always be
My ecstasy
Your love unveiled a world
I'd never known before
When your love moved inside
I softly closed the door
Your heart is tuned with mine
In harmony they rhyme
Sweetheart you'll always be
My ecstasy
Your love unveiled a world
I'd never known before
When your love moved inside
I softly closed the door
You are my dream to share
My every hope and care
Sweetheart you'll always be
My ecstasy
Sweetheart you'll always be
My ecstasy
