

Now And Forever (you And Me)

Anne Murray

Up until now I've learned to live without love (She leads a good life)
Like a ship without a sail, wandering aimlessly lost (She got to know why)
I never knew how it felt to lose my control
Now that I've found you (now that I've found you), this is all so new

You and me, we've got a destiny
Starting tonight, we'll be together
You and me, this is what love should be
And it's gonna be right, now and forever

Darlin', inside your eyes I can see mysteries there
And you're melting the ice surrounding me, I'm no longer scared
I feel you inside my soul and I'm captured tonight
But don't let go, this is paradise

You and me, we've got a destiny
Starting tonight we'll be together
You and me, this is what love should be
And it's gonna be right, if you tell me
There's a heaven up above, then that's what I'll believe
'cause you're the one thing that I'm so sure of

I feel you inside my soul and I'm captive tonight
But don't let go (I won't let go), this is paradise

You and me, we've got a destiny
Starting tonight we'll be together
You and me, this is what love should be
And it's gonna be right, now and forever

You and me, we've got a destiny
Starting tonight we'll be together
You and me, this is what love should be
And it's gonna be right

Now and forever
