

Only Love

Anne Murray

Whenever there's a problem
We speak our minds
Try to rearrange things
Until we find some kind of solution
That lasts for a while

But as we grow older
It's getting harder all the time
To get the day to day things to fall together
Darlin', it's far from over
We could share a little peace of heaven forever

Only love will show us
Only you and I know
Only love can see us through
Only love can make it
Easier to get along in this crazy world
You know what it can do
'Cause darlin', you love me and I love you

We're looking for a heaven
Down here on the ground
It may be an illusion that lives in our minds
But if we can carry on
I know we'll feel it sometime

'Cause darling
If you believe it
We could share a little piece of heaven forever

Only love will show us
Only you and I know
Only love can see us through
Only love can make it
Easier to get along in this crazy world
You know what it can do
'Cause darlin', you love me and I love you
