

Sittin' Back Lovin' You

Anne Murray

If you will wonder what I'm gonna do
While you are sleepin' am I sleepin' too
Well I'm just sittin' here lovin' you
Close my eyes and lovin' you
I'm just sittin' back sittin' here lovin' you

I have been wonderin' just what I would do
If I'd weren't sleepin' had I not found you
I'd be outside findin' you walkin' on
The avenues findin' you
But I'm just sittin' back sittin' here lovin' you

Now the reasons never see me runnin' round
Fingers on my forehead to calm me down
He can even get me up and on my feet
When I die to take care of some business on the street

I have been walkin' all my streets along
I would keep walkin' to keep from goin' home
I couldn't quite till I could see of you
Now I can't see me ever leavin' you
But I'm just sittin' back sittin' here lovin' you

Now the reasons never see me runnin' round
Fingers on my forehead to calm me down
He can even get me up and on my feet
When I die to take care of some business on the street

I have been walkin' all my streets along
I would keep walkin' to keep from goin' home
I couldn't quite till I could see of you
Now I can't see me ever leavin' you
But I'm just sittin' back sittin' here lovin' you
But I'm just sittin' back sittin' here lovin' you
But I'm just sittin' back sittin' here lovin' you
