

That'll Keep Me Dreamin'

Anne Murray

No one like you
Has been so good to me before
And no one like me
Has ever needed it more
Today we were strangers
But now who knows
Exactly how far down the road
The feeling goes

That'll keep me dreaming
That'll keep me warm tonight
That'll keep me dreaming
Of you
Until
Dream comes true

If ever a smile
Found a home right from the start
Yours was the smile
And the home is here in my heart
Maybe you'll go on alone today
Maybe you'll take me along
But either way

That'll keep me dreaming
That'll keep me warm tonight
That'll keep me dreaming
Of you
Until
Dream comes true

That'll keep me dreaming
That'll keep me warm tonight
That'll keep me dreaming
Of you
Until
Dream comes true
