

You Will

Anne Murray

When you know and you will
It wasn't meant to be
When she walks and she will
You're gonna come to me

When she lies and she will
When all is said and done
When you cry and you will
You're gonna want to run

So go ahead and do what you gotta do
It's really not up to me
But the day will come when you finally see
Where you want to be
When you're gonna be back

When you hurt and you will
Who's gonna sympathize
Well she won't but I will
Then you'll realize

So go ahead and do what you gotta do
It's really not up to me
But the day will come when you finally see
Where you want to be
When you're gonna be back

So go ahead and do what you gotta do
It's really not up to me
But the day will come when you finally see
Where you want to be
Then you're gonna be back

You know you will
I know (You cry, you will)
I know you will
I know (You hurt, you will)
I know you will
(You will)
You know you will
(I know you will)
(You will)
I know you will
(I know you will)
I know (You cry, you will)
I know you will
