

# Let It Be Me

Annie Haslam

You've been alone for too long baby  
You're so afraid to let emotions show  
Oh but baby I'm in no kind of hurry  
So we can take it real slow  
Honey don't let that lover who hurt you  
Spoil the chance of starting anew

Someone's gotta love you baby  
Let it be me oh let it be me  
Someone's gotta sooner or later  
Let it be me

You say you're happy this way baby  
Do you cry a little when the crowd has gone  
You think promises were made to be broken  
I want to prove that you're wrong  
Honey for once bring down your defences  
Let me be the one to break through

Honey don't let that lover who hurt you  
Spoil the chance of starting anew

Baby let me love you  
Baby let me love you

Baby let me love you  
Baby let me love you

Baby let me love you  
Baby let me love you

Someone's gotta sooner or later
