

# Don't Let It Bring You Down

Annie Lennox

Old man lyin' by the side of the road  
Where the lorries rollin' by  
Blue moon sinkin' from the weight of the load  
And the buildings scrape the sky  
Cold wind rippin' on the valley at dawn  
And the morning paper flies  
Dead man lyin' by the side of the road  
With the daylight in his eyes

Don't let it bring you down  
It's only castle's burning  
Find someone who's turning  
And you will come around

Blind man runnin' through the light of the night  
With an answer in his hand  
Come on down to the river of sight  
And you can really understand  
Red lights flashin' through the window in the rain  
Can you hear the sirence moan  
White cane lyin' in a gutter in the lane  
And you're walkin' home alone

Don't let it bring you down  
It's only castle's burning  
Find someone who's turning  
And you will come around

You will come around
