

Wonderful

Annie Lennox

I wanna have you
'Cause you're all I've got
Don't wanna lose you
'Cause it means a lot
All the joy this world can bring
Doesn't give me anything
When you're not here ...

Idiot me
Stupid fool
How could you be
So uncool?
To fall in love with someone who
Doesn't really care for you
It's so obscure...

But I feel...
Wonderful
Yes I feel...
Don't you know I feel...
Wonderful

God it makes me feel so blue
Everytime I think about you
All of the heat of my desire
Smokin' like some crazy fire
Come on here
Look at me
Where I stand
Can't you see my heart burnin'
In my hands?
Do you want me?
Do you not?
Does it feel cold baby?
Does it feel hot?

I wanna hold you
And be so held back
Don't wanna need you
But it's where I'm at
Thinkin' 'bout you every day
How come I was made that way?
It's so surreal...

But I feel... wonderful
Yes I feel ...
Don't you know I feel...wonderful
