## Annihilator

I like to feast on thoughts of anger  
I like to prey on evil minds  
And I like to rip the very fabric  
That keeps them all intertwined  
I'm full of lies, just hold me as you die  
I wrench this vice, my human sacrifice  
You beg and I feed, your blood is all I need  
Rapture, ecstasy, it's time to bleed for me  
I love the dark and screaming madness  
No one can see through my disguise  
The sewer rats are just a snack  
But I'm here to crush your petty lives  
I'm full of lies, just hold me as you die  
I wrench this vice, my human sacrifice  
You beg and I feed, your blood is all I need  
Rapture, ecstasy, it's time to bleed for me  
I am a never ending nightmare  
And I dream of swallowing the sun  
My eyes burn to embrace you  
Nowhere to hide, nowhere to run  
I'm full of lies, just hold me as you die  
I wrench this vice, my human sacrifice  
You beg and I feed, your blood is all I need  
Rapture, ecstasy, it's time to bleed for me
