Speed

Annihilator

```
I'm on a mission
I'm gonna break the speed of sound
My pulse is racing
I'm gonna have to chase you down
Acceleration gotta, gotta go faster
Give me more speed
They say I'm crazy and I'm headed for disaster
Give me more speed
No competition, left in my dust
They'll never learn
This is my rocket
My aviation fuel is set to burn
You wanna rock and roll
At a million miles an hour
Just put your foot to the floor
C'mon and feel the power
I know exactly what I'm after
I know exactly what I need
I need the speed
```
