

# Ghost Of Me

Annisokay

My time, my time won't run away tonight  
The ghost of me will disappear without a light  
Time will not, will not run away tonight  
The ghost of me will disappear without a light

Things get misunderstood  
Things get misunderstood  
In the time of my dying  
It doesn't feel like, It doesn't feel like flying

I am blaming me but it's alright, but it's alright  
I am blaming me but it's alright, it's alright  
Just can't see anything without a light  
Just can't see anything without a light

You never ask me to lie  
I never ask you to cry  
You never ask me to lie  
I see it in your eyes I feel it in your touch

Time will not, will not run away tonight  
The ghost of me will disappear without a light  
My time, my time won't run away tonight  
The ghost of me will disappear without a light

Things get misunderstood  
Things get misunderstood  
In the time of my dying  
It doesn't feel like, It doesn't feel like...

Time, time won't, won't run away tonight  
The ghost of me will disappear without a light

Lying in the darkness of this dead end street  
I cannot run away cause this is my world  
There will never be a brand new you and me  
You never ask me

You never ask me to lie  
I never ask you to cry  
You never ask me to lie  
I see it in your eyes I feel it in your touch

No matter when I wanna see you, see you again  
It's all good and it's gonna be alright  
Say you will and shoot the light  
My shadow will fade away  
But the ghost of me can stay
