

# What Is Left

Annisokay

I wrote these words on the street  
Those words we shared and displayed  
As fragile as the people we are  
I am so scared to say  
So fucking scared to say

Straight out of my mind and into my fear  
So come on would it be that hard  
In the nothing of the now  
Sunk into my heart then fell apart

Oh, I love you so  
Wont you please come home  
I can't let go

Time has drifted away  
Oh come on, could it be that hard  
Will you please come home  
Is it too much to ask

I miss the grace of your face  
I miss the way you taste  
There was no time for one last goodbye  
Why did you do this,  
Leaving me without a kiss

Straight out of my mind and into my fear  
So come on would it be that hard  
In the nothing of the now  
Sunk into my heart then fell apart

I can't let go  
I don't know how and I don't know when  
I pray that you will be so beautiful

Time has drifted away  
Oh come on, could it be that hard  
Will you please come home  
Is it too much to ask

I can't forget this lonely message  
I can't forget these words on the street  
I can't forget those words  
We shared and displayed  
I'll miss you

Time has drifted away  
Oh come on, could it be that hard  
Will you please come home  
Is it too much to ask

I can't forget this lonely messages  
I can't forget these words on the street  
I can't forget this lonely messages  
I can't forget these words on the street  
I'll miss you
