

We'll Meet Again

Another Level

We'll be together again
We'll be the same as back then
I am the love that you were looking for
I'm telling you baby
We'll be once more

The first time I saw you babe
You knocked me off my feet
It must have been the curiosity
That cupid threw you eyes to me
You were giving me a hard time
And then with your games I could
It would take for ever babe
Till you let me get my game to you

No sense in your friends
Wana get rid of me
What's it gonna be
It's too late hear say
Menacing rumors and you slipped away

We'll be together again
We'll be the same as back then
I am the love that you were looking for
I'm telling you baby
We'll be once more

Tell me what you're doing now
And what you like before you sleep
Once more will do you right
And that is a promise I intend to keep
So tell me do you have a boyfriend
And would he ever let you go
The thought of it is killing me
Baby get on the phone 'cause I have to know

No sense in your friends
Wana get rid of me
What's it gonna be
It's too late hear say
Menacing rumors and you slipped away

We'll be together again
We'll be the same as back then
I am the love that you were looking for
I'm telling you baby
We'll be once more

Show me love, it's only you
On my mind it's only you
It's your call, what you want to do
You gotta be down, you gotta be true
Show me love, it's only you
On my mind it's only you
It's your call, what you want to do
It's all time baby, it's all time baby

We'll be together again
We'll be the same as back then
I am the love that you were looking for
I'm telling you baby
We'll be once more
