

Dream Catcher

Anthenora

I come through the night
I come out from your head
Director of the nightmares
That dwell in yourself

Don't try to see my face
Don't look for my name
I'm the nothing, but I am real
As the thrill that you can feel

I'm a shadow, I follow everyone
I'm your shadow, with you everywhere

Dream Catcher
I'm the catcher of your dreams
Dream Catcher
I'm the catcher, follow me (don't fear)

Freedom is illusion
'Cause I got the key
No prison and no shelter
You can't hide from me

I'm a shadow, I follow everyone
I'm your shadow, with you everywhere

Dream Catcher
I'm the catcher of your dreams
Dream Catcher
I'm the catcher, follow me (don't fear)
