

Wanna Be The One

Anthony Callea

Wanna be the one to hold ya
Wanna be the one to move ya
Wanna be the one to make all your dreams come true
Wanna be the one who needs ya
Wanna be the one who loves ya
Wanna be the one you wanna be with every night

Lying in bed
I see images of you and me
You're always in my head

These feelings won't end
I need more of you every single day
So say that you'll stay
Say that you'll stay

Wanna be the one to hold ya
Wanna be the one to move ya
Wanna be the one to make all your dreams come true
Wanna be the one who needs ya
Wanna be the one who loves ya
Wanna be the one you wanna be with every night

There is no doubt
You're exactly all I'll ever need
I want you night and day

I'll cherish the love
You're giving me so tenderly
I'll give you all I can
Give you all I am oh yeah

Wanna be the one to hold ya
Wanna be the one to move ya
Wanna be the one to make all your dreams come true
Wanna be the one who needs ya
Wanna be the one who loves ya
Wanna be the one you wanna be with every night

Oooh yeahhh...

I wanna be the one
to hold you (I wanna be)

I wanna be the one to hold you
I wanna be the one to move you
I wanna be the one who needs you
I wanna be the one who loves you

Wanna be the one to hold ya
Wanna be the one to move ya
Wanna be the one to make all your dreams come true
Wanna be the one who needs ya
Wanna be the one who loves ya
Wanna be the one you wanna be with every night

Wanna be the one to hold you

(be the one)
Wanna be the one to move you
(who loves you)
Wanna be the one to make all your dreams come true
Wanna be the one who needs you
(be the one)
Wanna be the one who loves you (who needs you)
Wanna be the one you wanna be with, every night

I wanna be, I wanna be
Ooooh, no no yeah...
I wanna be, I wanna be
