

100 Steps

Anthony Green

Why's the pattern gotta change?
We don't see life exactly the same
Always
What about a better place?
I know I'm forgetful,
My memories erased
Always

There's always one hundred steps ahead
There's always one hundred steps ahead
Steps ahead

Nothing's ever gonna change
I know I'm a liar
At least that's the same
Always

Why'd we have to separate?
We don't feel anything
Exactly the same
Always
Nothing's ever gonna change
I know I'm a liar
At least that's the same
Always

Why's the pattern rearranged?
I know I'm forgetful
My memories erased
Always
What about a better place?
We don't see anything
Exactly the same
Always

There's always one hundred steps ahead [x3]
Steps ahead

Why's the pattern gotta change?
We don't see life exactly the same
Always
