

Babygirl

Anthony Green

Baby girl twist away
When you're talking to me
I can't breathe
Set some time aside to say
Why don't you stay
Ten* years later I still feel like a child

You're the one
I know you are
(Answer me if you could)
You're the one
(No visitation, they said)
I know you are

This common feeling ends
When you enter
Not many cigarettes left
Think I'll wait...till you get back...till you..arrive
To be relieved...I want to... I want...I want

You're the one
I know you are
(Answer me if you could)

You're the one
(I didn't, I know it)
I know you are
(Meredith, I miss you when you go anywhere)
She's so lovely
She's so lovely
She still loves me...
