

## Every Way

Anthony Green

I'll find a different way to say  
You're gonna have to change everything you've made  
You're gonna have to reword every metaphor you'd use  
So that people who are hearing aren't confused

If that's the most important thing you do  
Detail every ounce of pain that you went through  
Make sure you leave something down to show the way back  
Make sure you leave something down to show the way back

'Cause every way you wonder if you're wrong  
Every way you wonder if you're wrong  
Inaccurate and imprecise  
There is no gift without a price

I'm so mistaken, lost my direction  
My souls been shaken

I would find a different way to go  
There's no signs in life to guide you on that road  
And if it's the most important thing you'll sing  
You've better make sure  
Make they understand

Every way you wonder if you're wrong, oh-oh  
Every way you wonder if you're wrong  
Inaccurate and imprecise  
There is no gift without a price

I'm so mistaken  
Lost my direction  
My soul, my soul

'Cause every way you wonder if you're wrong  
Every way you wonder if you're wrong  
Every way you wonder  
Every way you wonder if you're wrong  
Of course you always are
