Worship the ground you barely walk on You give of yourself but your angels are gone Deny your body is screaming But your heart and your soul they're bleeding Just to fall asleep is a godsend Until your demons appear again

I am a witness to your demise

Your biggest secret is one you can't keep Lift up your head if you're only asleep You try to hold on to reason Why can't you see that you're leaving My love for you knows no distance But it can't fight your resistance

I am a witness to your demise
I am the one who saw through the lies
Give me the one thing you can't give
Take me to the black lodge where you live
Give me the one thing you can't give
Take me to the black lodge where you live

Deny your body is screaming
But your heart and your soul they're bleeding
Just to fall asleep is a godsend
Until your demons appear again

I am a witness to your demise
I am the one who saw through the lies
My love has always been blind
Give me the one thing you can't give
Take me to the black lodge where you live
Give me the one thing you can't give
Take me to the black lodge where you live

Where you live Where you live Where you live
