

What Can I Do?

Antony and the Johnsons

What can I do
When the bird's got to die
What can I do
When she's too weak to fly
What can I do
When she's calling my name
She's crying
Mama, help me to live
Mama, help me to live
Mama, help me to live
To live, to live, to live
What can I do
What can I do
What can I do
