

Here I Go Again

Anuheia

Another day another dollar
Stepping down I seem taller
Been here before but not so sure
If I should open that other door
World in my hands to make it smaller

Boy I got it pretty nice, why let it go so easy
Comfort's first to sacrifice, I grow from the pain within me
Why do I do this, why do I do it to me?

Here I go, here I go, here I go again
Here I go, here I go, here I go again
Here I go, here I go, here I go again
Breaking it down to build it up all over again, yeah

Nice to meet you, you like my style
I'm digging your vibes, eyes, body and smile
I'm thinking me and you should chill out for a while
Running faster than my feet can go
It's like you're all I'd ever known
Fall apart to realize I'm all alone

It's my tendency to fall in and out of everything
A waste of my energy is all it ends up being for me
Why do I do this, why do I do it to me?

Here I go, here I go, here I go again
Here I go, here I go, here I go again
Here I go, here I go, here I go again
Running away to say hello all over again

I have to be always true to me
Can't have pleasure without some pain
Nothing grows without sun and rain
It's not so easy but it's where I want to be
And find serenity

Here I go, here I go, here I go again
Here I go, here I go, here I go again
Here I go, here I go, here I go again
Breaking it down to build it up all over again, yeah

Here I go, here I go, here I go, yeah
