

## Shoulders

Anuheia

This world is crazy, that's for sure  
We all need a place just to feel secure  
I want to give you open arms to run .... I'll do  
Everything I can cause I do know what's up  
I'll be on your side no matter what

When all the seats are taken  
You can sit with me  
The team's all full, well  
We can start our own league  
Cause I know you would do it for me  
You can close your eyes...  
And put your hands  
On my shoulders

I would pour half my cup right into yours  
Give you my slipper when we're cruising outdoors  
I'll pay your tab if you forgot  
Drive you home if you cannot  
I'll brighten up your darkest night

Fight for you when you're not right  
I will have your back no matter what

When all the seats are taken  
You can sit with me  
The team's all full, well  
We can start our own league  
Cause I know you would do it for me  
You can close your eyes...  
And put your hands  
On my shoulders

Every day.. I feel I feel you deep, our vibes are more alive  
In every way... you're my best friend all my tomorrow's are yours  
so  
Carry on with your day to days, you got a friend in me so keep  
being amaze  
I'll be right here from now until we're older  
Shush relax and put your hands on my shoulders
