

## 16 Letters

Anya Marina

16 letters that I never sent  
One bad apple and a malcontent  
16 letters that I never read  
For 16 sides of you I never met

Oh this misunderstanding is getting so old  
I'm stuck between the lines just undoing the code  
Remember when we called each other on the phone  
Hello? Hello? Hello?

A pretty highway, three dollar bill  
Just 'cause you dream it, it don't exist  
Remember when we called each other on the phone  
Hello? Hello? Hello?

Ooohh  
Hello, hello

Remember when we called each other on the phone  
Hello, hello

Remember when we called each other on the phone  
Hello? Hello?
