

Can't Fight Anymore

Anya Marina

I can't see you, but I feel you
I can't see you, but I feel you
I can't see you (alright, alright, alright) but I feel you
I can't see you, but I feel you

How can you, how can you really know?
Where are you, where are you now?
How can you, how can you really know?
Where are you, where are you now?
How can you really know?
Where are you, where are you now?
But I feel you

I can't fight anymore
I can't fight anymore
I can't fight anymore (alright, alright, alright)
I can't see you, but I feel you
I can't see you, but I feel you
I can't see you, but I feel you

How can you, how can you really know?
Where are you, where are you now?
How can you, how can you really know?
But I feel you

But I feel you
I can't see you, but I feel you
I can't see you, but I feel you
I can't see you, but I feel you
I can't see you, but I feel you
I can't see you, but I feel you
I can't see you
